## PROFESSIONAL SUMMARY

Motivated Computer Science student with a solid background in full-stack web development, specializing in Front-end frameworks JavaScript, HTML5, CSS3, React, Node.js, Express.js, and responsive design. Proficient in both Front-end development and back-end development, including RESTful APIs, MySQL, MongoDB, and version control with Git / GitHub. Experience with Agile methodologies, testing/debugging, and deploying web applications using cloud platforms like AWS and Docker. Strong skills in UI/UX design, cross-browser compatibility, Problem-solving skills, object-oriented programming (OOP), and performance optimization. Seeking a full-stack development internship to apply my skills in building scalable, secure, and user-friendly web applications and Willingness to learn.

## EDUCATION

**Anil Neerukonda Institute of Technology and Science**

*Btech (Information Technology) - CGPA - 9.2 (Present)*

**NOV 2022 – Mar 2026**

*Visakhapatnam, India*

**Sri Chaitanya**

*Intermediate Public Examination - MPC - 92.7%*

**JAN 2021 – MAY 2022**

*Visakhapatnam, India*

## COURSEWORK / SKILLS

- Programming Languages: Java, Python, C/C++
- Database Management: SQL, MongoDB
- Web Development: HTML, CSS, Javascript, Reactjs, Nodejs, PHP
- Software Development: Data Structures & Algorithms, Operating Systems, Computer Network, OOPs concept

## SOME PROJECTS

**Women Safety App** 📄 | Dart, Flutter, Firebase

- \* Developed a mobile app to enhance women's safety using GPS tracking, crowdsourced alerts, and AI-driven features.
- \* Our app focuses on providing a robust safety network through a community-based approach, real-time assistance, and direct integration with local law enforcement.

**To-Do-List** 📄 | HTML, CSS, JavaScript

- \* Frontend Development: Developed a responsive to-do list application using HTML, CSS, and JavaScript.
- \* Dynamic Functionality: Implemented task management features, enhancing user interaction with JavaScript.

## ACHIEVEMENTS

**Winner of Augmented Reality Hackathon** 📄

*Team leader*

**Nov 2024**

*Visakhapatnam*

Secured first prize in an augmented reality hackathon organized by BrainOVision, demonstrating innovative problem-solving, teamwork, and AR development skills. As a team leader, Led a team of 6 to develop an innovative augmented reality project on AR interactive Science Lab, earning first prize.

**Internal Smart India Hackathon (SIH)** 📄

*Team: Evasafe*

**Jan 2024**

*Visakhapatnam*

Secured 1st prize in the internal Smart India Hackathon (SIH) for creating a hybrid safety system for women, utilizing IoT and mobile app development to enhance personal security. Demonstrated strong problem-solving and teamwork skills while addressing women's safety
